DEDICATION

The 1992 Annual Town Report is Dedicated to:

BEVERLY M. HERMAN

A long time resident of Weare, Mrs. Herman served as Tax Collector and Town Clerk from 1971 - 1992. During her tenure Mrs. Herman provided outstanding public service to the citizens of the Town of Weare. The permanent records of the Town serve as a testament to her twenty-one years of dedication and hard work.

With her retirement on December 31, 1992, Mrs. Herman will spend more time with her husband, Albert, who also served as Tax Collector from 1970 - 1971.

BUDGET OF THE TOWN OF WEARE, N.H.

THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT

TOWN ADMINISTRATOR

As I look back over the last twelve months, I would like to reflect on our many accomplishments and look forward to the challenges that will face the residents of Weare.

The Board of Selectmen have continued the support and guidance to meet our present and new challenges. With the Town Meeting seeking sound fiscal management while at the same time facing the present accomplishments and future challenges, together we will work to meet these challenges while following a sound fiscal plan.

To assist the Board of Selectmen in this regard, the Board appointed a Management Review Committee to assess the present total town government and to help determine the future direction the Town should follow. The work of this committee is expected to be complete by the end of 1993.

The most noticeable change for 1993 will be in the Town Clerk/Tax Collector's Office with the retirement of Beverly Herman after 21 years in that office. Her experience and knowledge will be missed, but we wish her well in her retirement.

The Highway Department and Road Agent have again completed major reconstruction projects while assisting other departments with needed manpower and equipment. The Road Agent is expecting assistance from NH Army Reserves for the upgrade and reconstruction of Colby Road in 1993. The approved bridge improvement study will be completed in 1993 and Reservoir Drive bridge projects will start in 1993 with completion of both bridges in early 1995. The Highway Department will continue their necessary maintenance of the town's 100 miles of Class V roads.

I would like to encourage residents to continue to participate in the recycling program which added one more roll-off container in 1992 with the help of NH the Beautiful grant funds. If any residents have questions about the town's recycling program, please contact the Transfer Station.

The addition to the Weare Public Library was completed with the installation of the handicapped lift in December, 1992. This addition should meet the future needs of the town.

As most can see, the town also completed the paving of the parking area adjacent to the tennis courts and paved the area around the Town Hall.

Public Safety has seen changes particularly in the Police Department with the addition of two full-time officers. Presently,

the Police Chief has three full-time and four part-time officers. With this force, the Police Department will be able to better protect the citizens from criminal activity.

The Fire Department is continuing the program of upgrading and replacement of equipment. The Fire Chief has proposed a plan to replace a leaking tank on one of the pumpers to prolong the life of the vehicle. The Fire Department will continue the training program for Fire and Rescue personnel to better protect the citizens of Weare. As a reminder, the Fire Department and Rescue Squad are always looking for responsible volunteers.

The Selectmen have approved a plan to upgrade the computer system. This plan calls for funding in 1993 with the project completion in two or three years. This project is expected to benefit all town departments, boards and committees.

The Board of Selectmen will continue to labor long hours in studying all the requests from Department Heads to achieve the goal of maintaining the present level of service. The Board also has the responsibility to weigh the ability of our taxpayers to meet these present and future obligations.

I would like to thank the Board of Selectmen, all Board and Committee members, Department Heads and fellow employees for all their hard work, dedication and assistance during the past year.

Again I would like to remind the citizens that we hope you will take the opportunity to stop by and visit with us and convey your opinions throughout the year. Your comments are important to us.

Respectfully submitted,

Joseph A. Kelley
Town Administrator

RECORD OF TOWN MEETING

March 10, 1992

The annual Town Meeting of the Town of Weare was called to order by the Moderator, Neal M. Kurk, at 10:03 a.m. The pledge of allegiance was led by William G. Herman, Selectman.

The Moderator read the Warrants of the Weare School District and the John Stark Regional School District for the election of school district officers. The Moderator then read Article 1 of the Town Warrant for the election of town officers. William Herman moved to waive the reading of Articles 2 through 10. The motion was seconded and the vote affirmative. The Moderator stated that Articles 11 through 44 would be taken up at an adjourned session on Saturday, March 14, 1992 at 10:00 a.m. at the Center Woods Elementary School.

William Herman examined the ballot boxes and declared them to be empty. The Moderator announced that absentee ballots would be opened and cast at 11:00 a.m. in accordance with the law. The polls were declared open at 10:08 a.m. by the Moderator. The Meeting proceeded to ballot for Town and School District officers and to vote on Articles 2 through 10 of the Town Warrant.

The polls were closed at 7:00 p.m. At 9:55 p.m., the Moderator announced the result of the vote. The Meeting was adjourned by the Moderator to resume on Saturday, March 14, 1992 at 10:00 a.m. at the Center Woods Elementary School to take up Articles 11 through 44.

At 10:10 a.m., Saturday, March 14, 1992, the Town Meeting was called to order by the Moderator, Neal M. Kurk. The pledge of allegiance to the flag was led by Terry Knowles, Selectman. The Meeting was asked to rise and remain standing to hear the reading of town residents who have died during the past year. This reading was followed by a moment of silence in their memory.

The Moderator read the results of the Town, Weare School District and John Stark Regional School District elections held Tuesday, March 10, 1992 and the result of the votes on Articles 2 through 10 of the Town Warrant. He announced that those who were elected

may come forward at the close of Town Meeting to be given the oath of office.

The Moderator stated the rules for today's Meeting would be Garfield Jones' Parliamentary Procedures at the Glance as interpreted by the Chair. There are ten additional rules that are appropriate for this Meeting:

1) All remarks should be addressed to the Chair or through the Chair to another person - no running debate.

2) If you wish to be heard, please approach the microphone, wait to be recognized, give your name and proceed with your remarks. It is important to use the microphone and give your name for two reasons: first, it allows everyone to hear what you have to say; second, it allows your remarks to be recorded through the public address system.

3) If you proposed an article, you will be recognized first. If you make a motion, you may claim the floor to speak to that motion in preference to others.

4) You are not entitled to the floor a second time in debate on any motion as long as someone who has not yet spoken wishes to speak. You may not speak a third time unless you get permission from the group.

5) A vote or warrant article is now subject to statutory protection against reconsideration. This is a new law. If, after an ordinary warrant article vote is taken, a motion to restrict reconsideration is passed, a subsequent motion to reconsider, if it is passed, will only actually result in reconsideration at an adjourned meeting at least seven (7) days in the future.

6) Lengthy or technical motions or amendments must be presented in writing.

7) In addressing the Meeting, please keep your remarks focused on the motion before the Meeting. If it is an amendment, focus your remarks on the amendment, not the main article. Remarks which are not germane to the motion or which involve personalities will be ruled out of order.

8) Legally registered voters only shall be recognized to speak. They should be displaying voter identification badges passed out at the door by the Supervisors of the Checklist. Those who are not legally registered voters may not address the Meeting without its consent.

9) After each article dealing with the raising and/or appropriating of monies has been moved and spoken to, the Chair will recognize the Finance Committee so it may present its recommendations to the Meeting.

10) There is no smoking allowed anywhere in this building. If you wish to smoke, you must go outside.

The Moderator introduced Joe Kelley, Town Administrator; Beverly Herman, Town Clerk; Ike Shepard, Chairman of the Board of Selectmen; Terry Knowles, Selectman; Bill Herman, Selectman and Steve Buckley, Town Counsel. Steve Buckley was granted the privilege of addressing the Meeting if called upon to do so.

William Herman, Selectman, was recognized to give the State of the Town address.

The Moderator recognized Ruth Coneys, Chairman of the Finance Committee, who explained the function of that Committee.

Merrill Shepard moved to waive the reading of the warrant in its entirety at this time and to read each article as it is taken up. The motion was seconded and the vote affirmative.

ARTICLE 11. To see if the Town will vote to authorize the Selectmen and the Town Treasurer to borrow on behalf of the Town in anticipation of taxes, or to take any other action in relation thereto.

Terry Knowles moved the adoption of Article 11 as read. The motion was seconded and the vote affirmative.

ARTICLE 12. To see if the Town will authorize the Selectmen to apply for, accept and expend Federal and State Grants and other Funds which may become available during the course of the year, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money, and also to accept gifts of real and personal property from any governmental unit or private source, provided that such grants and other monies and gifts do not require the expenditure of other Town funds; and that a public hearing shall be held by the Selectmen prior to the receipts and expenditure of such grants and monies, all as provided by RSA 31:95-b, or to take any other action in relation thereto.

William Herman moved the adoption of Article 12 as read. The motion was seconded and the vote affirmative.

ARTICLE 13. To see if the Town will authorize the Selectmen to accept gifts of personal property, other than money, which may be offered to the Town for any public purpose; prior to the acceptance of any such gift, the Selectmen shall hold a public hearing on the proposed acceptance; no acceptance of any personal property under the authority of this Warrant shall be deemed to bind the Town to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such personal property, all as provided in NH RSA 31:95-e, or to take any other action in relation thereto.

Merrill Shepard moved Article 13 be adopted as read. The motion was seconded and the vote affirmative.

ARTICLE 14. To see if the Town will vote to authorize the Trustees of the Weare Public Library to apply for, accept and expend, without further action by Town Meeting, gifts or grants from state, federal or other governmental unit or a private source which becomes available during the fiscal year. Such gifts or grants shall be used only for legal purposes for which a town may appropriate money and shall not require the expenditure of other town funds pursuant to RSA 202-A:4-c, or to take any other action in relation thereto. (By Petition)

Edgar Jones moved Article 14 be adopted as read. The motion was seconded and the vote affirmative.

ARTICLE 15. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the Town by Tax Collector's deed by public auction, advertised sealed bid or in other such manner as determined by the Selectmen as justice may require, except for any parcels of land larger than five acres if land only, or larger than ten acres if a dwelling is present. Any and all sales are to follow the provisions of RSA 80:42 or RSA 80:80, Sale of Tax Liens/Tax Deeded Properties, or to take any other action in relation thereto.

Terry Knowles moved adoption of Article 15 as read. The motion was seconded and the vote affirmative.

ARTICLE 16. To see if the Town will vote to authorize the Selectmen to sell any used or surplus Town equipment by advertised sealed bid or public auction, or to take any other action in relation thereto.

William Herman moved Article 16 be adopted as read. The motion was seconded and the vote affirmative.

ARTICLE 17. To see if the Town will vote to accept gifts, bequests and trust funds received during the year, or to take any other action in relation thereto.

Merrill Shepard moved Article 17 be adopted as read. The motion was seconded and the vote affirmative.

ARTICLE 18. To see if the Town will vote to authorize the Tax Collector to accept prepayments of property taxes, or to take any other action in relation thereto.

Terry Knowles moved Article 18 be adopted as read. The motion was seconded and the vote affirmative.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$2,174,455.00 to defray general government charges for the ensuing year.

Board of Selectmen
Town of Weare
Weare, New Hampshire

In planning and performing our audit of the financial statements of the Town of Weare, New Hampshire for the year ended December 31, 1991 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of several matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report dated March 25, 1992 on the financial statements of the Town of Weare, New Hampshire.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Town personnel and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters or to assist you in implementing the recommendations.

Respectfully submitted,

A. SEGREGATION OF DUTIES

Recommendation - We were impressed overall with the accounting procedures and methods used by the Town. However, as the Town continues to expand its use of its computer software, it is very important that everyone at the Town Office be aware of the requirement, within the constraints of the limited number of Town personnel involved, to maintain proper segregation of duties.

B. UPGRADING OF THE LEVEL OF TOWN ACCOUNTING AND COMPUTER USE

Finding - Currently the Town is maintaining its accounting records on basically the cash basis, with adjustments made by the auditors at year end to convert to the modified accrual basis.

Recommendation - The Town should begin to upgrade its accounting with the goal of eventually reporting on the modified accrual basis. This would primarily require that taxes be reported as revenue when the warrants are issued and collections be reported as a reduction of the taxes receivable, and not as revenue as currently reported. We have detailed the mechanics of doing this accounting in correspondence with the Town accountant and will continue to follow up on this area during the year.

Management's Comments - The Town is now in the process of changing its accounts from a cash basis to a modified accrual basis. The accounting change is being done as directed by Mason and Rich Professional Association.

C. CASH ACCOUNTS ON THE COMPUTER

Finding - The Town's current accounting system does not include the three accounts currently used by the Town Treasurer.

Recommendation - The general ledger should include all three cash accounts used by the Treasurer. The accounts should then be reconciled at month end to the Treasurer's reconciliation to the bank, with all adjustments posted.

Management's Comments - The Town's current accounting system will incorporate all three cash accounts into the General Ledger and will be reconciled on a monthly basis.

Beverly M. Herman, Town Clerk

TRUSTEES OF THE TRUST FUND

In 1990 the Trustees of Trust Funds established a policy regarding expenditures from the Emma Sawyer Estate Trust. This policy restricts the Trustees to funding only such projects as are not either the legal or traditional responsibility of the Town.

In the last two years, the Trust has contributed toward the cost of establishing Center Park and made possible the Emma Sawyer Community Room in the renovated and enlarged Public Library.

The Trustees feel these projects have created valuable additions to the Town and can be enjoyed by all the people of Weare. We welcome suggestions for ways Emma may continue to enrich our Town.

Respectfully submitted,

Raymond Eaton, Chairman
Howard Ineson
Ruth Jones

BUILDING DEPARTMENT
ZONING BOARD OF ADJUSTMENT

The Building Department had an active 1992 with building permits, code enforcement, violations and court cases. We assisted the public with their questions, concerns and complaints. Applications for both the Building Department and the Zoning Board of Adjustment were handled daily. Inspections were made regularly according to Town Building Codes and Weare Town Ordinances. Inspections of daycare facilities, woodstoves and connections for fire safety and many other office functions were performed.

The following is a breakdown of permits issued during 1992:

New Single Family Homes	29
New Multi Family Homes	1
Mobile Homes	9
Commercial	9
Accessory Buildings	30
Additions/Alterations	74
Renewals	12
Pools	8
Septic Review/Plans	22

Oil/Gas Burner Inspections	38
Plumbing	24
Electrical	47
Chimneys	7
Change of Use	3
Woodstoves & Connections Inspections	14
Daycare Facilities	5
Signs	6
Fines	0

Certificates of Occupancy issued in 1992	38
--	----

The Building Department would like to remind property owners that permits are required for rebuilding existing and new septic systems, upgrading electrical and plumbing services, new oil/gas burner installations, swimming pools, signs, out buildings, garages and remodeling.

The Zoning Board of Adjustment heard 16 applications for variances, special exceptions and administrative appeals during 1992.

Applications and assistance for Zoning Board of Adjustment variances, special exceptions and administrative appeals were handled and processed exclusively by the Building Department. We will gladly assist you. The Building Department and the Zoning Board of Adjustment anticipate a busy 1993.

Respectfully submitted,

Everett W. Stone
Code Enforcement Officer

CEMETERY TRUSTEES

The Cemetery Trustees meet the fourth Wednesday of every month at the Town Office. The public is invited to attend our meetings and your comments and suggestions are always welcome.

The board welcomes its new member Janet Smith.

Winslow Road was improved near the Collins Cemetery to help with the water problem, however, more work is needed in the future. Several trees were cut down this year in the Collins and Pine Grove Cemeteries.

The picture in the 1991 Town Report was the Eaton-Favor tomb in the East Weare Cemetery on Buzzell Hill Road.

The following is a list of town-maintained cemeteries and private burial grounds in the Town of Weare;

Town-Maintained Cemeteries

1. Corliss Burial Place
2. Worthley Grave
3. Mrs. Burbank's Grave
5. Oil Mill Cemetery
6. Sugar Hill Cemetery

CONSERVATION COMMISSION REPORT

1992 was a slower than average year for construction in town and so the Commission had fewer permit applications to review. One major project is the proposed widening of bridges on Reservoir Drive. The Commission is up to full strength for '92 - '93 and should be able to carry out its duties properly. The Commission voted unanimously to support the nomination by the Piscataquog Watershed Association of the Piscataquog River to the N.H. Rivers Management Program.

Work on developing trails in the Poor Farm Forest has begun and will be completed by the spring of 1993. (See Bobby Reeve's Town Forest Report for details.)

The Commission has resumed sponsoring a Weare student to Conservation Camp. This camp conducted by the Society for the Protection of N.H. Forests was attended last summer by Tinelle Bustam. This summer we will sponsor another young person from Town.

The beautiful mural (4' x 24') in the Conservation Room of the Town Office, done by Linda Graham in 1984 and representing the four seasons of the natural world in Weare and environs, will appear in the Yankee Magazine in 1993. We are pleased and proud to have the work of a town resident appear in a national magazine.

We reiterate our invitation to all interested town citizens to attend our meetings and participate in our on-going discussion of conservation issues and how best to use town lands.

EMERGENCY MANAGEMENT OFFICE

My first year as Director of the Office of Emergency Management has proved to be fruitful for the Town and the Office of Emergency Management.

The State and Federal government reimbursed the Town \$17,000 for expenditures resulting from two storms the town experienced in 1991.

The Highway Department was able to apply and receive approval for funds under the Hazard Mitigation program to effectively prevent or lessen the effects of emergency situations. These funds will be used to address repairs on Bart Clough Road and to replace the bridge on Newman-Wilson Road.

The Board of Selectmen expects to approve the completed update of the Emergency Disaster Plan in early 1993. This plan better reflects the changes the town has experienced over the last decade.

The plan indicates that a new up-to-date emergency communication system is needed between all town departments to better respond as the situation develops. The town has also had an update to the flood boundary map completed by the U.S. Army Corps of Engineers. This update will be adopted in 1993. The updated maps are available for review in the Town Office.

The Office of Emergency Management will continue to work diligently to apply for available funds so the town may act responsibly in any future emergency.

I wish to thank all Department Heads and citizens who were involved in the update of the Disaster Plan. I also want to thank the Board of Selectmen for the support needed to complete the Disaster Plan.

Respectfully submitted,

Joseph A. Kelley, Director
Lawrence A. Damour, Deputy
Office of Emergency Management

BOARD OF FIREWARDS

The Board of Firewards started the year off by making a few alterations in the Rules and Regulations set forth last year for the Fire Department. As stated last year, these rules and regulations are not a cure-all and continuing changes will be made as necessary, to benefit all members of the Fire Department and the Town of Weare.

Major repairs were made to apparatus within the Fire Department. These repairs, although costly, were unexpected and warranted immediate attention to insure the safety of firefighters and the community in general.

Discussions continue regarding health and safety issues within the department. Further information and discussions with the Board of Selectmen will be necessary to offer conclusive information and actions.

Also brought to our attention this year was the lack of daytime coverage for the Rescue Squad. With the economy in a slump, more people are working out-of-town leaving a shortage of personnel for coverage. Other measures are being looked into to insure that coverage or ambulance service is always available to the Town of Weare. We are continually looking for new help and will be more than happy to receive applications from interested parties in this area.

A request was received to purchase a telephone tape recording machine for use by the Fire Dispatch. Many calls, received in an emergency, come across as garbled, especially when the person calling is panicked. Information regarding this equipment is being looked into and no decision will be made until all facts are presented.

I would like to extend my gratitude to all Weare Firefighters and Rescue Personnel for their continued dedication and service to the Town of Weare.

Respectfully submitted,

William Boisvert, Chairman

 FIRE DEPARTMENT

During the year of 1992, the "Red Network" received 1,002 phone calls. This figure represents an approximate increase of 35% over 1992 calls received. These are broken down into the following categories:

Rescue Calls	232	Accidents.....	41
Structure Fires.....	12	Chimney Fires.....	16
Brush Fires.....	18	Appliance Fires.....	4
Car Fires.....	8	Mutual Aid.....	17
Information.....	291	Police.....	54
Alarms.....	59	False Alarms.....	23
Smoke Investigations.....	17	Gas Leaks.....	3
Power Out/Wires Down.....	18	Bomb Threats.....	4
Ice Rescue.....	1	Missing Persons.....	1
Illegal Burns.....	5	Flooding.....	1
Wrong Numbers.....	214		

These calls are on the "Red Network" only. They do not reflect calls made by radio, police phone, town phone or other towns. Please remember that the telephone number for FIRE AND RESCUE emergencies is: 529-2333. It will ring three times before it is answered. To save valuable time and lives, please use the emergency number for all fire and rescue calls. Police are dispatched separately. School cancellation questions should be directed to the School Board.

Goodwill Services: Members of the Weare Fire Department again volunteered their time to assist with the John Stark Regional High School graduation ceremonies held in June at the High School. Parking and assistance with traffic control were handled by these dedicated volunteers, making the event more orderly and safer for all in attendance.

Members also volunteered time to assist with snowmobile races held on Lake Horace last winter.

Assistance was also given for the Old Home Days Celebration in town. Other members gave their time to assist local Boy Scouts with canoe safety held at Mt. William's Pond during the summer.

The Fourth of July Celebration within town was deemed a great success among the community. Members of the Fire Department, under the direction of Bill Tiffany, assisted with the fireworks display in the Center of Town. Members sold tickets at the gate and provided fire protection at the pickup pulls. Other members participated in the parade through the center displaying the various apparatus used by the department.

Equipment: The following is a list of some of the equipment purchased by the Fire Department in 1992:

Movement Monitors (2)	Ansul Fire Extinguishers (2)
Forestry Hose	Protective Clothing
Tires (6)	Forestry Helmets (20)
Fire Helmets (3)	Pair Chaps (2)
Siren (1)	Nozzles, Fittings and Valves

The Weare Fire Department also received as a donation six flotation devices for use in ice and water rescue situations. These vests were donated by the Weare Firefighters Association, the Weare Emergency Medical Services Association, Robert Richards and Charles Osborne.

Building Maintenance: Building maintenance again consisted of annual checks and cleaning of all furnaces in each station. East Weare Station received a new coat of paint, and repairs were made to the holding tank at the South Station.

Weare Firefighters Association: The Weare Firefighters Association donated time and funding to sponsor a Fire Prevention Program in the elementary school during Fire Prevention Week. Students received coloring books, stickers, or story booklets teaching fire safety. A brief talk was given by Manchester Firefighter Lt. Gary Bisson, who is also on the Weare Board of Firewards, along with Assistant Chief Raymond Eaton, Sr. They were assisted by several volunteers from the Weare Fire Department. Groups of students from area kindergartens and preschools visited Center Station where they were shown equipment worn by a Firefighter and were allowed to climb into the ambulance and a fire truck where they learned what certain pieces of equipment were used for.

The Weare Firefighters Association sponsored various fundraising events throughout the year. Through their efforts, they were able to donate funding to a local family burned out of their home.

False Alarms: One of the largest expenses incurred by the Fire Department in terms of man hours was related to false alarms within the Town. Several bomb threats were made to area schools, along with reports of accidents that were not to be found, possible drownings and person(s) through the ice in one of the many water areas located within the town. The community is reminded that not only do these reports require time for investigation, at great expense, but in the event of an actual emergency or life threatening situation, personnel and equipment should be available. False alarms detract from the safety of the general public.

Retirees: Town long-time members of the Weare Fire Department will be retiring this year. William Straw is retiring with twenty-three years and John Richards is semi-retiring with forty-six years of service. Our thanks and appreciation go to these gentlemen for their time and dedication.

Firefighters Needed: If you are interested in joining the Fire Department, please contact Chief Chester Rhodenizer at 529-2505 or 529-2352.

Tot Finder/C Stickers: Tot finder, Emergency telephone number and "C" stickers are available at the Central Fire Station for interested parties.

Business Hours: Non-Emergency business is handled daily at the Central Fire Station between the hours of 8:00 am and 1:00 pm, Tuesday through Friday and on Monday evenings between the hours of 6:00 pm and 10:00 pm. The telephone number for the business line is 529-2352. A department secretary is on hand during these hours to answer questions or receive information.

The Weare Fire Department would like to take this opportunity to thank all persons, committees, organizations, and departments for your continued support.

Training: Nine members of the Weare Fire Department have recently completed a Certified Level One Firefighter Course, held at the Center Station and instructed by Rodney Townes of the Fire and Rescue Institute. The course consisted of various levels of fire training and lasted for a total of approximately twelve weeks.

Class participants are pictured left to right: Front row: Mark Haynes, Bradford MaCauley, Gregory Hitchcock. Back Row: Eric Whipple, Alan Sheldon, Guy LaPorte, John Canning. Missing when photo was taken: Melody Turner, John Bennett.

First Assistant Chief, Robert Richards, attended an Arson Investigation Seminar held in November of this year at U.N.H., Durham.

YEARS OF SERVICE

The Weare Fire Department presented certificates of longevity to the following members in recognition for their years of service with the Weare Fire Department:

5 Year Members: N. Bailey, C. Chapman, D. Colburn, Jr., R. Crowling, S. Dinsmore, R. Eaton, Jr., E. Johansen, C. LaBuda, Jr., L. L'Heureux, L. Methot, J. Mosson, D. Richards, A. Sheldon, P. Worthen.

10 Year Members: C. Foley, W. Raymond, R. Richards.

15 Year Members: J. Brown, M. Hollis.

20 Year Member: W. Straw.

30 Year Members: C. Osborne, C. Rhodenizer.

35 Year Member: R. Eaton, Sr.

45 Year Members: H. Hall, J. Richards, L. Taylor.

55 Year Member: B. Phelps.

Also recognized for their years of service and dedication were W. Herman, Selectman; W. Boisvert, Board of Firewards; F. Wheldon, Dispatcher and K. Rhodenizer, Dispatcher.

Respectfully submitted,

Chester A. Rhodenizer, Fire Chief
Robert Richards, First Asst. Chief
Raymond T. Eaton, Second Asst. Chief

WEARE RESCUE REPORT

In 1992, the Rescue Squad responded to 232 calls. This figure reflects calls on the "Red Network" only and does not include police, town or other phones or walk-ins.

The members of the Weare Rescue Squad would like to thank the Goffstown Fire Department Rescue, Dunbarton Rescue, New Boston Rescue, Deering Rescue, Henniker Rescue and Hopkinton Rescue for their invaluable assistance over the past year. One of the reasons our volunteer service has been successful is Mutual Aid.

The Town of Weare is fortunate to be served by a well-rounded staff on pre-hospital care providers. These members include Paramedics, EMT-Intermediates and EMT-Basics.

The Weare Rescue Squad gratefully recognizes all the members of the community that have donated time, services and money. Without your support, we would not be able to continue to provide the services at no cost to the patient. We would especially like to thank the following families for naming Weare Rescue as beneficiary in memoriam to their loved ones:

Howard Banker
Russell Boynton
Rose Dodge
Eunice Drewry
Esther Hollis

Dot Ineson
Ronald Labounty
Julia Powers
Verna Sawyer
Vesta (Betty) Williams

Leon Wilson

The families of these loved ones should be commended for thinking of us at time of great sorrow. Their generosity and kindness is used to help serve those who will be in need in the coming years. All donations received are used to buy new or replace old equipment.

We are still looking for people to join the Weare Rescue Squad so that we may continue this volunteer service.

Respectfully submitted,

Patricia Worthen, Captain
Chester Rhodenizer, Fire Chief

REPORT OF TOWN FOREST WARDEN
AND STATE FOREST RANGER

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, *without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.*" Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and Fire Department by requesting and obtaining a fire permit *before* kindling an open fire.

The N.H. Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for firefighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Ranger, or Division of Forest and Lands at 271-2217.

Forest Fire Statistics 1992

	<u>State</u>	<u>District</u>
Number of fires	289	30
Acres burned	136	26 1/2

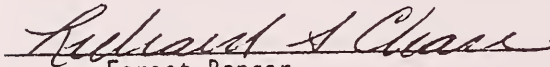

Fire Permits may be obtained from Raymond T. Eaton, Sr., at 529-2845, Charles Osborne at 529-4744 or Everett Stone at 529-7586.

For answers to questions pertaining to burning contact Chief Chester Rhodenizer at 529-2505 or 529-2352.

Two new Deputy Wardens are being added to the Town of Weare for 1993. They are firefighter Lee L'Heureux and Road Agent Lloyd Bailey.

I would like to take this time to thank firefighters Lee L'Heureux and Alan Sheldon for donating their four-wheel drive vehicles for use during forest fires, at no cost to the Town of Weare.

A total of 518 burning permits were issued for 1992 in the Town of Weare. A total of 336.5 hours were spent checking potential forest fires and illegal burns, with mileage amounting to 481 miles of area covered.

TOWN FOREST REPORT

We have been active on many fronts on behalf of the Town Forest. A plant community inventory was assembled by Frankie Brackley-Tolman, a botanist, on the Ferrin Pond Forest. This is the 100-acre parcel acquired by the town through the Land Conservation Investment Program (LCIP). There is also a new sign at the bottom of the trail marking the entrance to the property.

The market for White Pine has been steadily improving. With many western forests currently closed to harvesting, large millwork operations are accepting eastern pine. It is very common to see "finger joints" on millwork. This is a method of joining wood pieces to utilize the short sections of clear lumber from White Pine. We are in the midst of preparing a section of the Felch Farm Forest for a selective harvest this winter.

There is a new sign marking the "Bartlett Brook Forest". This 65-acre parcel of the Town Forest is on Sawyer Road, right by the Deering/Weare line off Rte, 149. There is an existing trail leading to the brook. We also hope to acquire an abutting 40 acres that include a large pond on Bartlett Brook. This would greatly expand the recreational uses of the property for all of us!

UNH Forestry students did Timber Stand Improvement (TSI) work in the Poor Farm Forest. We plan to do another eight acres this winter. With federal cost/shares assistance incentives no longer available for public land, we must act and pay for the long-term benefit. I always felt this was a good use of federal tax money. If anyone is willing, please write Congressman Swett to get public land cost/shares back into the Forestry incentive program. There is such a vast improvement in the quality of timber from managed land. Contact me if you need a further understanding of the issue.

A hiking trail network is being developed on the Poor Farm. The work has begun and hopefully the trails will be open for hiking in the summer of 1993. We are working on a map of the interior walls and the outstanding natural features to go along with the trail guide and its interpretation. The Weare Boy Scouts have helped clear the trails. A special thanks goes to Scout Leader Allen Harkabus and the following kids (and their parents): Wesley Case, Michael Craig, David Gilman, Jason Greenough, Shawn Hawkins, Nathan Howard, Dustin LaBuda, Ryan McArdle, Daniel McDowell, Zane Merva, Matthew Piaseczny, Nick Piscopo, Brian Smith, Erin O'Brien, Jennifer Harkabus, Stacy Harkabus, Ritha Reeve, and Emily Hague.

HEALTH OFFICER REPORT

The Health Officer and Deputy Health Officer inspected homes throughout 1992 for daycare, foster care and adult care. We responded to numerous calls and situations for septic failures, other health related problems and violations ranging from outdoor health or contamination problems to poor in-home health conditions.

1992 has been a very busy year for Health Officers.

HIGHWAY DEPARTMENT

Another busy year for the Highway Department! Routine tasks, as well as several major projects, peppered the 1992 menu. Winter maintenance programs consisted of thawing frozen culverts and expensive salting operations. In the fall, the department purchased another sander. This was a necessity due to increased maintenance miles and the public's demand for a quicker response time. Due to decreased snowfall, the department was able to sandblast and paint our older snowplows. Hopefully this will help extend the life expectancy of some of our snow removal equipment. Other matters attended to include grading, tree cutting, guardrail repairs and culvert cleaning. We plan on continuing guardrail repairs and culvert cleaning through 1993 as it is badly needed. In addition, shimming and shoulder work also progressed on several roads throughout the Town.

Beginning in the spring, our department began an aggressive series of major projects within our community. Visible to most travelers through the center of Town was the construction and paving of Paige Memorial Lane, Town Hall, and adjacent parking areas. Assisted by the Goffstown Highway Department, we were able to get these areas striped and marked. Work on Barnard Hill and Mountain School Roads, that began the previous year, was also concluded and paved this past summer. Approximately 1,300 feet of Colby Road was upgraded and they were paved. We are presently working with the Army Reserves, in a joint effort, that hopefully will result in the upgrading of the remainder of this road sometime in 1993. Last, but not least, was the reconstruction and paving of Merrill Road (a/k/a the Dump Road). This project challenged the ability of our department to coordinate traffic control, homeowner concerns, blasting, drainage installations and utility work.

On a smaller scale, the Highway Department also addressed several perpetual problems that existed on Chase Hill and Norris Roads. We are confident that the ice and drainage problems will significantly dwindle. This year we also began the upgrading of Bart Clough Road. Hopefully this work will continue in 1993. Although we were unable to perform the scheduled work on Newman-Wilson Bridge, we anticipate going forward with this plan. Our persistent efforts will result in a \$10,000 reimbursement from FEMA.

Thanks to the NH Job Training Council and the Summer Youth Employment Program, an aggressive brush cutting campaign augmented our roadside mowing program. We are hopeful that the benefits of this program were obvious and that we have a need to continue roadside mowing in subsequent years. The Summer Youth Employment Program cost the Town very little and benefitted several departments within the Town. All work was coordinated through the Highway Department.

We are also proud to report that our department participated in the NHMA/PLIT Regional Plow Rally held annually in Concord. The participants won Third place trophies. The winners were: Wayne Aucoin, Ken Bailey, Reggie Philbrick and Jason Williams.

With the support of the Town's people and hard work, we have demonstrated what can be achieved. When provided with the necessary and proper equipment, staff and funding, a significant amount of work can be accomplished at a substantial savings to the town. We look forward to your continued support in 1993.

WEARE PUBLIC LIBRARY REPORT

The Library's new addition has brought many comments of enthusiastic approval from Weare residents as well as from many library professionals and others involved with libraries.

Phase II of the expansion project was completed by the Stephen Langley Construction Company of Goffstown which was awarded the contract. A Federal Grant, Emma Sawyer Trust Fund, Town appropriations and private donations made the new addition possible; also the hard work of the Library Trustees, Selectmen and the Building Advisory Committee deserves recognition. The entire effort has resulted in a building of which we can all be proud. The physically challenged can now use the library on the street level and a lift gives them access to the lower level.

The larger spaces have helped to improve service to our ever increasing users. We have been able to place more books of interest to those in business and to the average consumer in the reference section. These were purchased at a great savings through the Hillstown Cooperative. We now have audio cassettes as well as videos on loan from the cooperative available to our adult borrowers free of charge.

The library, along with 15 others in the Hillstown Cooperative, shared in a LSCA Title VI literacy grant of \$29,080. Volunteer tutors and students will be working together on the project during 1993. Materials purchased for the program amounting to \$800 will become part of the library's collection.

Circulation for the year was 32,040, reference questions answered were 1,498 and more than 300 books were borrowed from other libraries.

The new library addition has made it possible to segregate the adult fiction from the non-fiction and reference books. When we are able to move the children's books to the lower level, the additional space will make it possible to accommodate a much needed magazine and reading area.

The library is in need of a staff person in order to open the children's room on the lower level for use by the public. The Emma Sawyer Room, also on the lower level, will be available for meetings to the community under certain policy guidelines.

The Friends of the Weare Public Library sponsored two programs during the year as well as a book sale and a most successful musical recital presented by Carolynne Shinn for the benefit of the children's room.

Volunteers have continued to help the community through faithful and useful service at the Library. Our sincere thanks to them and to the many others who have supported the library in many ways throughout the year.

MANAGEMENT REVIEW COMMITTEE

The Management Review Committee was commissioned by the Board of Selectmen in July, 1992, to conduct an in-depth review of the structure and functions of the town's operations and, where appropriate, make recommendations for:

- o Possible re-structuring of services and/or resources;
- o Best means to automate services and functions;
- o Space utilization in the context of the town's needs;
- o Current local government service levels; and
- o Prioritization of the current services.

In order to accomplish these tasks, the committee established a number of sub-committees whose work is to observe and/or collect information on various town functions and services, evaluate the information collected, and make recommendations based on the Selectmen's charter.

The sub-committees were established to evaluate town aspects/functions as follows: Quality of Life, Administration, Police, Fire and Highway. Within Administration, the sub-committee is addressing basically all functions and services located at the Town Offices, including: Planning, Zoning and Building, Computerization, Health, Town Clerk, Tax Collector, Assessing, Billing, Selectmen and Welfare.

To date, the Committee has initiated its preliminary evaluations on many of the above functions or services, and has completed the development of recommendations for the update and streamlining of the town's computer operations. These recommendations appear elsewhere in this Town Report.

Additionally, the Committee has completed a Quality of Life Survey which was mailed to all households in town in October of 1992, and the results of which are currently being tabulated. The survey received an excellent response, and while final results are not yet available, two comments are clearly prevalent. First, respondents feel overwhelmingly that the town needs a recreation or activity center for the town's youth, and secondly, also feel that the rural nature of the town is one of its most important attributes and essential to maintain.

The Committee meets the second and fourth Wednesday of the month and is providing summary reports to the Selectmen for all of its activities and/or evaluations.

Respectfully submitted,

Weare Management Review Committee

PARKS AND RECREATION COMMISSION

The combination of the summer weather conditions and the bleak economy had an adverse effect on the overall projection. Improvements and additions to present facilities have been accomplished, and well within the budget.

The weather averaged 74.3 degrees, from the opening on Memorial Day, to closing on Labor Day; 20 days below 70 degrees; 5 days misty to showery; 10 rained out days, including days of cool breezes.

Anticipated revenues and attendance were down considerably at Chase Park. Statistics taken from our daily sales report revealed the following: 759 residential family season stickers, includes second vehicle(s); 43 residential senior citizen; 542 non-residential, both children and adults; 90 non-residential paid boat launching; 104 resident boat launchings; 11 applications requesting use of Chase Park facility, as family, organized groups, outings, and fishing clubs competition and 5 requests for the Gazebo. There were also 119 enrolled in the American Red Cross Swimming Program, levels 1 through 5; 16 enrolled, basic water safety course; 7 enrolled in emergency water safety. In addition to our local programs, the American Red Cross, Manchester Chapter, offered life guard training, but had to cancel because of lack of interest. In addition, private swimming lessons were offered. Hopefully, we will continue the same programs for the 1993 season.

The Weare Center Park and Gazebo is our latest addition to the department, established within the budget to maintain ground care, from spring through fall cleanup. Several unfinished projects in the construction of the site were completed, and some improvements and upgrading were accomplished by the New Hampshire Job Training Council. Four new park benches were purchased and donated as gifts for the immediate area of the Gazebo. The Weare Garden Club continues in their effort to beautify the grounds. Our remaining goal is to complete and finish the original plan of the Gazebo.

On the Town's behalf, the Commission wishes to thank those who shared their efforts, time and ideas; it was well appreciated.

The Combination Changing Room and Storage Building has made it convenient for the additional new equipment that has been purchased to maintain the grounds and for the programs we offer. On the East Shore waterline, from the winter and early spring run off, as well as the boat wakes, we had a slight erosion problem. This has been pretty well stabilized, on a short term basis. Vandalism still prevails; repairs and replacements are costly. The Gate House and Shed had repairs and exterior painting. Labor was furnished by the New Hampshire Job Training Council.

The Hood Memorial Tennis Court has had increased usage and replacement parts are needed. The Courts have had a new approach because of the paved parking area. After the completion, two new basketball hoops were installed for public use. Parking for functions shall have priority. Labor for improvement of the surrounding grounds was furnished by the New Hampshire Job Training Council.

The Purington Memorial Field on Salmen Road has been used extensively by the Little League and Soccer programs, as well as other groups. Local business advertising has enlightened the appearance on the out-field fence. Bushes were cut back and minor repairs accomplished, again with labor furnished by the New Hampshire Job Training Council.

PLANNING BOARD

The continuing recession is definitely having an impact on the number of new subdivisions in Weare. Things are very different from just a few years ago. These slow times are giving the Planning Board time to catch up on long overdue projects. In 1993 the Town can expect to see the Planning Board finish its work on four major projects: 1) Capital Improvement Plan, 2) Revised Subdivision Plans, 3) Updated Master Plan, and 4) an Impact Fee Schedule for the Town's review.

I must give much credit to our ambitious new members, Tim Bernier, Jim Donison and Ted Greene, for their hard work and persistence in seeing these projects completed. The Board could use help from new volunteers especially those with experience in statistical analysis, informational research, report writing and review, financial analysis, municipal finance or just a willingness to put in the time needed to help. If you are willing to help, please stop in at the Selectmen's Office and let them know.

This was a year of much change within the day-to-day workings of the Board. Our long time Clerk Millie Rich returned to school. Millie kept things together during the practically impossible five years when Weare almost doubled in size. Our new Clerk Paula Cohen is ready to help you with your planning questions.

Respectfully submitted,

William Lefebvre, Chairman
Weare Planning Board

POLICE DEPARTMENT

Activity: During 1992 the Police Department followed through on its plan to offer improved services to the citizens. In-depth investigations were conducted by Weare officers into many different crimes. Officers worked with NH State Police, Drug Task Force and other agencies in joint investigations.

There were increases in Assaults, Criminal Mischief, Firearms Complaints and Suspicious Activity. This required additional time for officers to investigate and prosecute in court. A decrease in Motor Vehicle accidents was seen, except for two fatalities, the first in over four years. Officers increased their Traffic Summonses as an ongoing effort to reduce the number of accidents and injuries. Calls for False alarms decreased with additional revenue returned to the Town for repeat false alarms.

The Animal Control Officer has been busy the entire year responding to your complaints. Over 10,000 miles were traveled while answering calls and transporting animals. The increase in rabies in New Hampshire and the new state law requiring all cats to be inoculated will undoubtedly result in more calls next year.

Staffing: Two part-time officers resigned to accept positions elsewhere. As voted by Town Meeting, two new full-time officers were appointed to the department. Richard A. Ruck, Jr. was hired in September and James J. Carney in December. With these additional officers, the department is providing a full-time officer on duty from 7:00 a.m. to 1:00 a.m. seven days a week. This has already shown benefits with a better follow through on complaints and more professional investigations.

The hiring of Attorney Tony Soltani as prosecutor to handle the court trials is one of the most efficient things accomplished. As a result, better presentation of cases are being made in court and more convictions obtained. Officers were relieved from preparing trials so they could perform patrol duties. Additional monies from prosecutions were returned to the Town in costs, fines and restitution.

Equipment: The department has two 1991 cruisers which are in good condition.

The additional portable radios and base station approved by Town Meeting have worked out well. Officers can now talk directly with the cruiser and other departments and towns by radio from the station.

Public Relations: The fifth Neighborhood Crime Watch group was formed this year. There are now about 80 families involved in the crime watch program and helping to keep their neighborhoods safe.

Extensive use of the Weare channel on cable TV is being used for messages on safety and advice to citizens. Plans call for video presentations on varied police topics during the next year.

The department has instituted a patrol of all school areas and bus routes during the morning and afternoon to promote safe habits by the children and motorists. Presentations have been made by officers in the schools on varied subjects from child safety to constitutional guidelines.

The Board of Selectmen worked closely with the department in all areas this past year. The hiring of two top scoring officers was a direct result of the Board's involvement and approval of the thorough hiring process. The Selectmen's support of the department has resulted in a more professional service to the Town. I especially thank Road Agent Lloyd Bailey, the Highway crew, and the Fire Department for their help and support. As predicted, 1992 was a good year and I know 1993 will be even better.

II.

1992 was our third full year in operation and it was a successful year. We were able to complete on time, within budget, and put into operations in the Fall of 1992, the Phase II portion of the Landfill Expansion. Pike Industries of Tilton did an excellent job in constructing the double lined landfill and leachate collection. It took the cooperation of the State DES, our consultants CMA Engineers, Pike, and our Operator J.D. McLeod to have this project come together as well as it did.

Our 1992 Co-op delivered tonnage of 103,596 was up 1.4% over the 1991 delivered tons. We disposed of 66,514 tons of ash at the landfill and the leachate disposal process has been functioning very well. Our 2.6% increase in the Co-op tipping fee should assure us of another successful year and will keep our Expansion and Closure/Long Term Maintenance Funds on a solid financial basis. Once again many thanks to the Officers and Representatives to the Co-op.

SOUTHERN NEW HAMPSHIRE PLANNING COMMISSION

All dues-paying members of the Southern New Hampshire Planning Commission are offered a wide range of services, resources and technical assistance by a professional planning staff who, from time-to-time, are assisted by specialized consultants on an as-needed basis. With the concurrence of your representatives, each year the staff develops and carries out regional planning programs that are mandated under the state and federal laws, as well as those planning activities which pertain more directly to your community.

Local planning assistance is provided upon receiving a request from your Planning Board and/or Board of Selectmen. Certain studies that are of common interest to all member municipalities are conducted; notifications are made and training workshops are held on an as-needed basis.

Services that were performed for the Town of Weare during the past year are as follows:

- o Co-sponsored the Municipal Law Lecture meetings. These meeting were attended by Weare officials.
- o Conducted a six-hour training workshop for the planning board members. The Weare Planning and Zoning Boards were invited to that workshop.
- o Local assistance was provided in drafting the ordinance changes that are necessary to be in compliance with Federal Emergency Management Agency's (FEMA) requirements.
- o Staff prepared a computerized census block map for the town, using the U.S. Census TIGER files.
- o Prepared a handbook on impact fee development.
- o Conducted traffic counts on several locations in the Town of Weare.

TRANSFER STATION AND RECYCLING CENTER

Recycling volume and activity increased dramatically this year. After a public hearing and adoption by the Board of Selectmen, a mandatory recycling ordinance took effect on April 21st. Compared to 203 tons for all of last year, as of November 20th, 483 tons of material had been collected for recycling. These weights do not include used oil, vehicle batteries, and reusable items. As a member of the regional Co-op headquartered in Penacook, Weare received \$7,126 from the Co-op's recycling incentive program. Collection of recyclables in the manner laid out by the guidelines has worked out well; credit for this is due to the cooperation of residents, businesses, schools, and the commercial haulers. The efforts that the haulers have made to inform their customers about the changes and to work with them need to be mentioned here since they have been very helpful in implementing the program. The Town received a grant of \$2,500 from New Hampshire the Beautiful towards the purchase of the second container which was needed to handle the additional volume. Nationwide, statewide, and on local levels the recycling industry is growing and evolving; this process, by its own nature, creates changes in methods and systems.

Weare's second Household Hazardous Waste Collection was held on Saturday, June 6th, at the Highway Department yard. This year 72 households contributed materials for disposal, an increase of about 50 per cent over last year, in spite of a rainy morning. We did not run out of funding this year, so that all who came were able to be accommodated. A substantial cost saving was realized by our being able to use the same disposal contractor as Goffstown did on the same day. Please remember that dry cell batteries (flashlight, smoke detector, etc.) are classified as hazardous and should be brought to the collection, *NOT* put in the trash.

Septage disposal volume (and income from fees) is down about 25-30 percent compared to the last two years. In spite of this our available lagoon capacity for disposal has been tight at times. The understanding and cooperation of the haulers in helping us deal with these conditions need to be mentioned -- thank you! A study is being done by a consultant firm on the layout and use of the lagoons and available space for changes or expansion is being evaluated. Hopefully improvements or changes can be made which will prolong our ability to use this economical method for dealing with septage.

Acceptance and transportation of household rubbish and construction /demolition materials have been functioning smoothly.

Some cost savings were achieved in each area: one from using a closer disposal site for building materials and another by being able to eliminate one trip per week to Penacook.

We express our appreciation to all of those who have helped us during the year to provide services to the Town. Please feel free to contact us if you need information or if you have suggestions about our operations.

CONCORD REGIONAL
VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association continues to offer three major health services to the residents of Weare: Home Care, Hospice and Health Promotion.

Home Care services respond to the health care needs of those patients with acute or chronic illnesses that require skilled professional care so they may return to or remain in their homes. Emphasis is on promoting independence and maximum functioning of the patient within the least restrictive setting.

Hospice services provide professional and para-professional services to the terminally ill patient with a limited life expectancy. The goal is to enhance the quality of the patient's remaining life by helping him/her remain at home in comfort and dignity. Emphasis is on pain and symptom management and skilled intervention to meet the patient's special and physical, emotional and spiritual needs.

Health Promotion services focus on the low and marginal income families and individuals to prevent illness by professional assessment and screening for health risks and needs, by early intervention to prevent, eliminate, or minimize the impact of illness and/or disability, and by anticipatory guidance and health teaching. Emphasis is on promoting healthy children, families and individuals through early intervention and health teaching. Services rendered in the clinic setting are: child health, family planning, sexually transmitted disease, adult screening, immunizations, and HIV (AIDS) testing and counseling. Home visits are made in crisis situations or when needed health care cannot be given in the clinic. Senior health services are provided at congregate housing sites. Professional and para-professional hourly home services are provided on a private fee-for-services basis. Health education and instruction are part of each home visit or clinic visit.

Anyone in Weare may request service; patient, doctor, health facility, pastor, friend or neighbor. All requests are answered, but continuing home care will only be provided with a physician's order.

A call to Concord Regional Visiting Nurse Association (224-4093) is all that is necessary to start services or make inquiries. The CRVNA office is open Monday through Friday from 7:30 p.m. to 4:30 p.m.. A nurse is on call for hospice and home care patients; (224-4093) 4:30 p.m. - 7:30 p.m. daily.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for the individual without health insurance and/or

who is unable to pay the full charge. However, to fee scale, federal regulations require a financial statement be completed by the patient or responsible person. Town monies subsidize those visits that are scaled or for which no fee is collectible.

This agency is certified as a Medicare/Medicaid Provider licensed by the State of New Hampshire and is a member agency of the United Way of Merrimack County.

Total visits made during October 1, 1991 through September 30, 1992:

	<u>No. of Clients</u>	<u>Visits</u>
Home Care/Hospice	51	1,279
Health Promotion	<u>100</u>	<u>146</u>

 PUBLIC WELFARE

Several individuals involved themselves in neighbor-helping-neighbor activities again this year. In addition, civic groups, government, religious and other leaders and especially the youth of Weare schools helped us stay within the budget established by the town voters at the March Town Meeting. The number of families that needed help far exceeded the numbers reflected below and would have cost the taxpayers approximately 30% more than it did cost (i.e., approximately \$130,000). Our thanks, therefore, go to all neighbors who contributed time, effort, food or cash to those in Weare who otherwise would have gone without.

<u>Year</u>	<u>Requests Received</u>	<u>Requests Approved</u>	<u>Approval Rate</u>

1990	54	49	91%
1991	138	104	75%

WEARE CABLE COMMITTEE

We are pleased to report that the cable system in Weare has been completely activated and is now operational. In August subscribers to cable service began viewing a community bulletin board of events on our own *Channel 46*.

The Town has also received the equipment package that was negotiated in our franchise agreement with Continental Cablevision. The messages that viewers are seeing on Channel 46 are being broadcast from the Selectmen's Office. The majority of our cable equipment has been placed at John Stark High School in a studio type of environment.

Quite a few residents have expressed an interest in learning how to operate the cable equipment. A series of workshops will be offered sometime in 1993 to residents who would like to train and become certified. The initial group of trainees will include those individuals who will re-train other groups of interested people.

We are optimistic that *Channel 46* will become a valuable educational tool for our students. Local programming such as assorted Town events and meetings can also be broadcast. Presently, the Cable Advisory Television (CATV) Committee is developing a Policies and Procedures Manual that will be used by programmers and users of *Channel 46*.

The Town is also receiving franchise fees from Continental Cablevision. Our committee believes that the revenues generated from the franchise fees should be returned to the operation of the community channel.

We appreciate your patience while we organize and prepare to establish our CATV facilities and operational structure.

Janice O'Connell, Chairperson
Weare Cable Advisory Television Committee

WEARE FOURTH OF JULY COMMITTEE

Weare's 4th of July celebration was again a success with more people attending than ever before. Trying to stay at no cost or very little cost is the goal of the Fourth of July Committee. The \$5,000 appropriated for this event is quickly used paying for groups, bands, and entertainment. This year we are looking to expand the Fiddlers's Contest, children's events and introduce lawn tractor pulling. As always, the 4th of July in Weare is celebrated the weekend before the 4th; this year, for 1993, the event will be held on June 26 and 27. Local organizations are urged to participate.

We want to take this opportunity to express our thanks and gratitude to all the volunteers who gave unselfishly of their time and energy during the year. Participation from civic groups, businesses and the public are welcome; interested parties may contact one of the Committee members.

Respectfully submitted,

Fourth of July Committee
